WORK HISTORY / PROJECTS

Aug 2023 - Current

Frontend Developer - Scrimba

Self-Taught

- Utilized HTML, CSS, JavaScript, and React to create visually appealing and responsive web pages.
- Coded using HTML, CSS, and JavaScript to develop features for both mobile and desktop platforms.
- Produced websites compatible with multiple browsers.
- Worked closely with Figma designs to translate it's designs into functional web applications.
- Utilized Firebase as the backend server to support and manage and design a project.

Nov 2023 - Current

E-Procurement Specialist

- Digitized our largest vendors from paper invoices to digital, over 300,000 invoices yearly.

AutoNation - Irving, TX

- Implement procure-to-pay (P2P) system by defining and documenting processes, engaging suppliers for enablement, and training end users and administrators.
- Lead discussions with 20+ suppliers to determine the best P2P enablement strategy based on technical capabilities, product/service types, and contractual agreements
- Prioritize vendors for enablement in P2P system through the Coupa Supplier Portal, while partnering with other business units to ensure strategic initiatives are supported
- Established and maintained ongoing communication and relationships with suppliers to streamline procurement operations and respond to inquiries.

May 2022 - Aug 2022

Financial Analyst Intern

Hi-Tech Precious Metals Refinery
- Dallas, TX

- Collected, processed, and cleaned large datasets from suppliers and consumers.
- Implemented data into systems and dashboards to improve data accessibility and accuracy.
- Developed a live ticker to price precious metals for buying and selling.
- Communicated findings and recommendations to stakeholders clearly and concisely
